SUBJECT: Caching of Medical Materiel and Food Rations

1. In reference to my conversation with this date I am forwarding a request that your division process and cache the subject items for the Medical Office.

25X1

2. There will be one cache for each of three types of terrain. The caches will remain in the ground for approximately two years with periodic inspections every six months or at the discretion of TSS.

3. At the end of the test period the items will be tested for potency, sterility and edibility. Government facilities are available to this office for running the above tests.

4. Further discussion will be conducted with your office during the week of 15 November 1954.
